From the County Executive

Let this “Guide to Westchester Senior Housing” serve as a valuable resource for your Senior Housing needs in Westchester County. Inside, you’ll find all you need to know about Senior Housing, including how to apply for the federal Section 8 Housing Choice Voucher Program, and what questions to ask before signing a lease.

We’ve included a directory of senior apartment buildings by municipality, including contact information for the building managers to help guide your search. This guide also highlights some of the organizations that provide assistance on issues ranging from foreclosure prevention, to landlord- tenant mediation, to relocation assistance and more.

We are proud of all the options available to our seniors and their families, so they can continue to call Westchester County home.

WESTCHESTER COUNTY DEPARTMENT OF SENIOR PROGRAMS AND SERVICES

Who We Are

The Older Americans Act of 1965 created networks at the federal, state, and local levels to administer programs that help the elderly maintain their health and independence in their homes and communities.

The Westchester County Department of Senior Programs and Services is part of this National Network on Aging. It includes the Administration on Aging in the Department of Health and Human Services, 57 State Agencies on Aging, 670 Area Agencies on Aging and some 27,000 local service provider organizations under contract to the area agencies. In 1974, the Westchester County Office for the Aging was designated by the New York State Office for the Aging as the Area Agency on Aging to serve all persons 60 years of age and older in Westchester. In March 2001, the Westchester County Office for the Aging became the Westchester County Department of Senior Programs and Services.

Our Mission

Our mission is to identify and prioritize the needs of the elderly in Westchester; to create comprehensive and coordinated plans to meet those needs; and, to advocate for responsive policies, programs, actions, legislation, and resources on behalf of the elderly.

The Westchester County Department of Senior Programs and Services conducts activities and develops programs and services, to meet the intent of the federal Older Americans Act and the New York State Community Services for the Elderly Act. The goals and missions of both acts are to enhance the quality of life for the elderly by encouraging:

- ***Sufficient income to meet basic needs***
- ***The best physical and mental health possible***
- ***Appropriate housing according to individual needs and wishes***
- ***Services to restore health to the best possible state***
- ***Employment opportunities***
- ***Dignified, honorable and healthful retirement***
- ***Freedom to pursue meaningful activities***
- ***Adequate community services***
- ***Benefits from social and medical research as soon as possible***
- ***Initiative, freedom, and independence to manage and plan their own lives***

A primary role of the Westchester County Department of Senior Programs and Services is to maintain a complete inventory of services available to older persons and to serve as an information and referral point for local services.

Senior Housing

Senior housing is generally federal and/or state subsidized developments. Rents are calculated as a percentage of household income. Entry age varies in accordance with the program under which the development was financed or constructed, but generally:

Department of Housing and Urban Development (HUD) - age 62+

New York State Division of Housing and Community Renewal (DHCR) – age 60+

Tax credit program – age 55+ or 62+

ALERT: Income limit guidelines apply to these units.

RENTAL ASSISTANCE PROGRAM

The Housing Choice Voucher (HCV) program (formerly known as Section 8) is for individuals and families having household incomes within guidelines established by HUD. The vouchers, usually usable throughout the U.S., allow their holders to secure rental in many residential buildings. The portion of the rent that the tenant pays is usually 30% to 40% of the individual household's income. All of the HCV programs in Westchester have long waiting lists, and most are not currently taking new applications to their waiting lists. However, it is worthwhile to call the different HCV offices to ask if you can get notified when they will be taking new applicants to their waiting lists.

It is illegal for a landlord to refuse to take your application because you have a voucher. If a landlord refuses to accept your voucher, please file a complaint with the County's Human Rights Commission.

Senior Housing

TIPS WHEN APPLYING FOR SENIOR HOUSING

- Some developments will accept tenants who are younger than 60 and who have disabilities. Some will specify the type of disabilities that are accepted.
- You should ask whether the age-eligibility rule applies to all members of the family or just the head of household. For some developments, a spouse can be younger.
- Sometimes adult children with disabilities live with their parents. You should ask whether an adult child with a disability is eligible to live in the development if the head of household meets the eligible age.
- Rent affordability is important. When applying for apartments it is recommended that you ask the Building Management if you will be charged at 30% of income or if there is a set AFFH Affordable rent (see below).

30% of Income	AFFH Affordable
Subsidized apartments are for renters 62 and above. Renters pay 30% of your income. So, for example, if your income is \$900 per, you'll pay about \$300 in rent if you meet the income requirements. Most, if not all of these apartments have waiting lists, but you should still call to get an application and apply. The more apartments you apply to, the better your chance of getting an apartment. If you have very low income (i.e., less than around \$1800 a month) this is the type of apartment you should apply for.	Affordable apartments are partially subsidized for renters either 55 and above or 62 and above. These apartments will be less expensive than market rate apartments if you meet the income requirements. Rental rates for affordable apartments may range from between \$900 to \$1400 for a 1-bedroom apartment. These apartments have availabilities sometimes within a few months. Affordable apartments may be available quicker than the subsidized apartments, but the affordable apartments will have higher rents.

DID YOU KNOW

SECTION 227-a OF THE REAL PROPERTY LAW OF THE STATE OF NEW YORK ALLOWS FOR THE TERMINATION OF A RESIDENTIAL LEASE BY SENIOR CITIZENS.

This law will apply if the senior citizen, age 62 and over, is relocating to:

- An adult home
- A residential health care facility
- Subsidized low-income housing
- Senior citizen housing

You should mail notification and a copy of your acceptance documentation into one of the above facilities to your present landlord no earlier than 50 days before the termination date of your lease.
